## THE POLICE NEEDS YOUR HELP!

Dear readers,

on Saturday, the 6<sup>th</sup> of November, 2021, a 35-year-old man was killed in an accident that happened on the road between Baienbach and Fronhofen.

Currently, the police assumes that the victim was struck and deadly wounded by a driver who could not have been identified yet. The suspect had left behind the 35-year-old man on the street where he was run over by another car after a short time. The driver of this second vehicle then informed the police.

So far, there has been no trace leading to the first driver. The investigators assume that the vehicle involved was probably a red Renault, Ford, Citroen, or Peugeot built in year 2003 or earlier. Nonetheless, other car models cannot be completely ruled out. In addition to that, the vehicle involved will most likely show damages caused by the accident.

In order to clarify this offense, the police is asking for your observations and hints.

**The *Police Headquarter Ravensburg* is offering a reward of 3.000 Euro for any information leading to the identity of the person responsible.**

If you were on the road in the night of the accident between 11.15 and 11.45pm, and if you were observing anything suspicious, or if you can give any other relevant information regarding the driver or the accident car, please call the *Police Department Weingarten* immediately at 0751/803-6666.

**THANKS FOR YOUR HELP!**
